#### CRANBOURNE —

#### CRANBOURNE TAPS & SHOWERS

Cranbourne's curved style combined with our traditional four spoke handles provides a unique and elegant choice for any bathroom. Paired with cool whites and geometric tiles, or dusty blues and marble, Cranbourne fits in easily with modern and period style bathrooms alike. Porcelain finished handles give Cranbourne a timeless feel. Available in various shower, tap and bath filler combinations.

#### **KESWICK TAPS & SHOWERS**

With its bright chrome finish, straight porcelain handles and domed shower heads, Keswick pairs the period style you love with our tried and tested engineering, giving you that traditional feel with the comfort that your showers and taps will last for years to come. Keswick is available in multiple configurations including mixer or mono taps, bath fillers and showerheads. \_\_\_\_\_

## HENLEY TAPS & SHOWERS

Our most traditional style, Henley provides a feeling of familiarity. Rounded four spoke handles meet porcelain touches, along with a longer spout style, really set the vintage mood. However, paired with muted greys and sleek marble as we have here, Henley can feel surprisingly modern. Henley is available in all of our usual tap and shower combinations, as well as a stylish floor standing bath filler for that true traditional feel.

## WESSEX TAPS & SHOWERS

Our Wessex collection is a great halfway point between the modern and classic. Sleek and cotemporary style paired with familiar four spoke handles makes Wessex the perfect choice if you'd like a nod to the traditional that still feels current and new. Available in concealed or exposed valve options, domed or flat shower heads, plus a range or handle configurations, Wessex offers you the flexibility to mix and match modern and classical elements as you please.

# TOILET SEATS

Quick Release Hinges Easy to operate quick release hinges allow the seat to be lifted away, leaving clear access to clean hard to reach surfaces

Ĩ

Soft Close Hinges The hudralic hinge mechanism ensures controlled and quiet closure of the seat lid and ring. Mechanism is extensively tested to ensure long life

## GREENWICH WOODEN TOILET SEATS

Our premium toilet seat with a contoured lid edge and a substantial 20mm thick seat ring, Greenwich will fit most toilet suites. Made using the finest sustainably sourced solid timbers, with dowel reinforced seat rings to prevent splitting. A soft close chrome plated bar hinge, non slip colour cooridnated buffers and an extremely hard wearing matt lacquer finish complete the look.

## TRADITIONAL WOODEN TOILET SEATS

Traditionally sized to fit most toilet suites, the Traditional seat also boasts quick release hinges for easy cleaning. Made using the finest sustainably sourced solid timbers, with dowel reinforced seat rings to prevent splitting. Soft close chrome plated hinges, non slip colour cooridnated buffers and an extremely hard wearing matt lacquer make this the market leading wooden toilet seat.

### PAINTED TOILET SEATS

Designed to fit on our Harrow WCs and complement Hampton furniture, there is a colour for everyone. Made with a contoured lid detail and substantial 20mm thick seat ring, our painted seat will also fit most standard shaped WCs. An MDF substrate makes the seats extremely strong with a beautiful painted finish. Featuring a soft close chrome plated bar hinge, non-slip colour coordinated buffers and an extremely hard wearing matt polyurethane painted finish for the best seat in the house.

## AXIS TOILET SEAT

Axis is an extremely durable high density moulded wood seat in a high gloss painted finish and makes a perfect companion to any toilet suite. Features a standard close traditional bar hinge made from chrome plated brass for a long lasting finish. Non slip buffers, underfix only.

#### HARROW TOILET SEATS

Wooden soft close toilet seats to coordinate with our Harrow WCs but will also fit most other standard shape toilet suites. Incorporating a substantial 20mm thick seat ring, non slip buffers, soft close chrome plated bar hinge with top and underfix options and adjustable fitting.
